PROFESSIONAL SUMMARY

Engineering graduate aiming for roles in **Software Development, AI/ML**. Skilled in Python, JS, and modern development tools. Eager to contribute to impactful projects in the IT industry.

EXPERIENCE

EZTS (Ballari Institute of Technology and Management)

Apr 2024 – May 2024

- Completed a hands-on internship program focused on core Python programming, covering fundamentals to advanced concepts including OOP, file handling, and basic data structures.
- Developed mini-projects and problem-solving exercises, improving coding efficiency and logical thinking skills.
- Utilized Python as the primary tech stack; demonstrated the ability to write clean, efficient code and debug successfully.

SKILLS

- AI Agents
- APIs
- VS Code
- Python
- SQL
- Git & GitHub
- Frontend

PROJECTS

Watch Party | HTML,CSS,JS,python

- Developed a Watch Party platform enabling users to watch movies together in sync.
- Integrated a host-generated invite system** for seamless private watch party access.
- Implemented real-time video synchronization and live interaction** using JavaScript and Python.
- achieved 100% sync accuracy across clients and implemented secure token-based room access

EDUCATION

Ballari Institute of Technology and Management

NOV 2022 – Present

CSE-AI

8.10(CGPA)

Sri Umamaheshwari PU College

Apr 2020 – Apr 2022

PUC (Science – PCMB)

73.33%

CERTIFICATIONS

- Python Programming Certificate, EZTS Apr 2024 - May 2024
- Participation Certificate, Inter College Hackathon 2nd–3rd August 2024

ACHIEVEMENTS/AWARDS

- Python Programming Intern**, EZTS Apr 2024 – May 2024
- Hackathon Participant**, HACKB-24, BITM 2nd–3rd August 2024
